

Welcome to the Business Breakfast Network

The Business Breakfast Network is one of the oldest and largest referral groups affiliated with the Greater Conejo Valley Chamber of Commerce. We're an active, progressive networking organization dedicated to building a strong, diverse membership of local companies and to promoting member businesses at every opportunity to friends, families, co-workers, clients, and other referral sources.

On personal and professional levels, we are also charged with expanding our individual knowledge of member companies and adding to our own business acumen through weekly meetings, presentations, seminars, group social events, and other means.

Join the Business Breakfast Network

Check out our membership and see if we're a good fit for you. We allow only one business from any given professional discipline or industry. Here are some of the many businesses we'd like to add to our organization, but this is merely a sampling of those we'd like to join us:
